Mr. Williams has shown himself to be a quiet, unassuming gentleman, and has made a host of friends who regret his leaving, and follow him with good wishes for his future. He has also exhibited rare qualifications as an accountant. Prompt, energetic and faithful, he becomes invaluable to those who employ him. Mr. Williams was elected member of the board of education from the 3rd ward of our city last spring, and was immediately chosen clerk of the board. His family will remain here for a few weeks yet.

—We have had but three or four days notice, to make arrangements in the getting out of this issue, consequently have had no time to solicit among our business men. Next week we hope to see all, and will endeavor to give you a paper that will in every detail be worthy of your most liberal patronage.

—Mr. A. M. Nettleton, of Larned, arrived in the city Monday afternoon to accept a position on the GLOBE-REPUBLICAN. Mr. Nettleton is no stranger to our people for he has done duty as a typist on the GLOBE for two or three years and is almost indispensable on the new journal on that account.

—Though a little late in the season for watermelons our good friend James James on last Monday insisted on leaving two large juicy ones at the GLOBE-REPUBLICAN office, for which we extend thanks and accord to him the first melon notice in the new journal. Here is to you, James, hoping you may never fail in the melon crop.

—E. E. Smith and wife left Wednesday morning for Garden City, where Mr. Smith will enter the land office in order that he may become acquainted with the working of the office before entering upon the discharge of his duties under Hon. D. M. Frost, who will probably be able to assume charge of the registership about the first of November.

—The board of education of this city at their meeting October 15th, rejected all bids for the erection of the new school building, for the reason that they were all too high, and in some instances exceeded the amount of money available for the construction of said building. Another advertisement for bids was ordered and the bids will be passed upon by the board on Monday, October 28th.

—Mr. Thomas Keene, supported by a most excellent company, played to a good audience in this city on Monday evening, presenting the beautiful tragic play "Richelieu." The name of Mr. Keene alone speaks volumes more than anything we could say of him as an actor. Our theatre-goers are under lasting obligations to the opera house management for so rare a treat.

—We would remind the opera house management that if they expect any patronage at all the coming season, they must adopt some measure to keep out the boys and hoodlum crowd who through the rear of the opera house, and who have no other interest apparently than to be rude and make noise, greatly to the discomfort of people who pay their money to be entertained. We have heard many complaints lately in regard to this matter, and something has got to be done to restore order, or good people will make themselves conspicuous by their absence.

Teachers' Examination.

The regular quarterly examination of applicants for teachers' certificates will be held in the east side school building October 26th, 1889, beginning at eight a. m. FANNIE M. THOME, County Supt. Dodge City, October 10th, 1889.

Registration Notice.

The books for the registration of voters in the wards of the city of Dodge City, Kansas, will be closed Saturday, October 26th, 1889, at six o'clock p. m.

MARRIED.

SMITH—MUELLER.—At the residence of the bride's parents, Mr. and Mrs. D. Mueller, 1820 Good avenue, St. Louis, Missouri, Wednesday evening, October 16th, 1889, at five o'clock, occurred the marriage of Miss Annie E. Mueller to Mr. E. E. Smith, the Rev. L. Leing, of the Methodist Episcopal church, officiating. The wedding was a very quiet one, only the parents and a few of the most intimate friends of the bride and groom being present.

The bride is a beautiful and accomplished lady, and well known to Dodge City society, having lived the past summer at the home of her brother, Mr. Henry Mueller, in this city.

The groom is known as one of Dodge City's most honored and trusted business men. When first taking up his residence among us he was engaged as partner in the law firm of Harrington & Smith, but soon afterward quitted the practice of law to take the responsible position of cashier in the American State Bank, with which institution he was connected until last month, when the bank sold its interests to the First National Bank of Dodge City.

Mr. and Mrs. Smith arrived here Friday morning last, and this morning left for Garden City, which place will be their future home, Mr. Smith having accepted a position in the land office with Register D. M. Frost. The best wishes of a host of friends follow them to their new home.

A PROMOTION.

Gen. B. A. Beeson Appointed Adjutant General of Iowa.

Daily Times-Republican, Marshalltown, Iowa. Gen. B. A. Beeson, of this city, was called to Des Moines yesterday by Governor Larrabee and tendered the office of adjutant general, the position made vacant by the resignation of General Alexander. General Beeson decided to accept the office and was commissioned and entered at once upon the discharge of duty, his term dating back to the 9th of the month. He returned to the city last evening to look after his private business as manager of the Marshall Printing Company and to see that it is placed in proper hands and will return to Des Moines in a few days to assume the duties of his new office. Although there are said to have been a number of applicants for the position, the appointment came to General Beeson unsolicited either by himself or his friends. Governor Larrabee has made a study of the military branch of the state government, and has familiarized himself with its needs, its working mechanism and the ability of its enthusiastic and unselfish officers. His desire seems to have been to secure in General Alexander's successor that officer most capable by his own experience and abilities as well as by a thorough knowledge of the Iowa guard to carry forward the splendid work of General Alexander. That the governor found the right man in General Beeson no one familiar with the history of the Iowa militia can doubt for a moment. General Beeson's appointment will delight and satisfy not only the brigade and line officers but the rank and file, for all know that in him they will have a thoroughly competent commander and the guard a devoted friend.

The people of Marshall county, who have known General Beeson for so many years and show their confidence in and love for him in so many ways, will be particularly gratified by this appointment for they know it is in line with his tastes and with his capacity for splendid work for the state. While one of the banner republican counties of Iowa and the home of many men prominent in public life, this is the first time the county has been recognized by an appointive or elective office of general note; and while the commission will expire with Governor Larrabee's term and "Governor" Hutchinson will be perfectly untrammelled in the selection of a successor, our people will rest confident that his investigation of the situation, made with the help of his already intimate knowledge of the state's affairs, will endorse this splendid appointment of the present executive.

General Beeson is a brother to Mr. C. M. Beeson, of this city, and all of Chalk's friends will be pleased to share this good news with him. General Beeson was for many years a reader of the GLOBE and therefore we feel we have an acquaintance with him, and extend our hearty congratulations.

THE MINNEOLA sugar works, working under the roaster process, made its first run of sugar last Tuesday, turning out an excellent quality of "C" sugar. Mr. J. George Lumilus, the chemist, pronounces it a great success. The Fort Scott sugar works thus far have made 400,000 pounds of sugar. This signifies that Kansas is coming to the front as a sugar producing state.

No line can offer you better accommodations than the old reliable "Santa Fe Route." NICHOLSON, Topeka, Kansas.

Bartlett; justices of the peace, J. H. Crawford and Joseph Sizelove; constables, John Neiss and Victor Carson; road overseer, H. P. Neiss.

A young farmer near Americus, Ga., who had mortgaged his mules and could not redeem them, asked a lawyer how he could prevent their confiscation. He was told to marry, and then his wife could homestead and save the animals. "Well," replied the young man, "I will get married then, if that is the only way out of it, but it seems to me that it is a poor law that deprives a man of his liberty just to save two old mules.—Ex.
